RE: Application: Home Basics: Level One Class

Email: info@caredogtraining.com

847 426 5089

Dear Friend,

Enclosed is the application for the Home Basics Dog Training Class you requested. This session begins with an Orientation. ***The person who is training the dog is required to attend.*** You should, however, leave your dog at home for the Orientation.

During the orientation you will see an obedience demonstration of things your dog can learn in the basic and advanced classes. You will meet your instructor and class assistants. There will also be an explanation of safety protocols; a basic introduction to canine management and training theory, presentation of the first week's homework, and ***an opportunity to purchase required training equipment at wholesale prices.*** (You should know your dog's collar size when you come to the orientation. Measure from under the throat to over the ears and add one inch.)

You will be expected to train your dog twice daily at home 10- 15 minutes each session. The lessons are to be practiced both inside and outside (in all kinds of weather).

To insure a place in the class, return this application as soon as possible, as registration is limited and classes fill early. Applications will be accepted in the order they are received. No application will be accepted without payment. Dog must be 5 months of age or older. Handler must be 13 years or older. Person training the dog must sign the application. (A parent or legal guardian's signature is required on all minors' applications. Minors must have a legal guardian present during classes.)

When your application and payment are accepted, you will receive confirmation.

The enclosed Health Certificate must be filled out and signed *by your veterinarian*. Please bring the Certificate with you to the orientation.

Remember: Come without your dog the night of Orientation and please, no children under 10.

Please feel free to call me if you have any questions. 847 426 5089

Sincerely,

Mary Mazzeri
